**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

For years I put up with having to put up with poor ATT & cable company service, especially for internet options - calling 'customer service' was always an agonizing multiday long process and prices from them and cable suppliers were always rising at notable rates..

About 7- 10 years ago I found what was then a small local service, that provided a reasonable price, but incredibly good customer service, which they have maintained for all this time, along with the price.

Getting stuck with fewer options and only larger companies is a bad direction.
